**SHIPPER'S DECLARATION**

---

**All vehicles and shipments of household goods** destined into the country are subject to inspection by the Sierra Leone Crop Protection Service. This is to regulate their freedom from unauthorized materials and thereby prevent the accidental transportation of agricultural pests from other country. The agricultural clearance of these items may be facilitated if owners certify by signing the declaration below that their vehicle or shipment of household goods does not contain or is not contaminated with any of the listed prohibited materials.

Some agricultural items, however, which may be included with your shipment are; dried decorative items or arrangements such as wood roses or tree twigs, canned or preserved products, dried coconuts and coconut leaf hats, seed leis and seed jewelry, or certain items inspected and authorized by the Sierra Leone Crop Protection Service prior to shipment. For further email:
